

ACC Committee Membership Composition and Requirements

All committee members are volunteers who donate their time to keep our community in good hands. The ACC always welcomes new members.

The ACC shall consist of no fewer than five members. The ACC Chairperson must be an SHHA Director.

The ACC appoints its own members by submitting nominations to the SHHA Board, who will then appoint members from the list of nominations provided by the ACC. The SHHA, as the representative of the Sandia Heights community, may also recommend individuals for membership to the ACC.

One member of the ACC who is also a member of the SHHA Board shall be designated to serve as a liaison to the SHHA's Covenant Support Committee (CSC).

The ACC liaison to the CSC shall attend the CSC meetings as a regular member and shall keep both the ACC and the CSC informed of pending issues, recommendations, and actions associated with projects that have a bearing on the responsibility and authority of each Committee.
